- Polymath

Experience

2022 - Now **Co-founder | AFAIK.io** [🔗](#) #AI #EdTech #B2C

As CEO, I led product strategy, UX design, front-end development and marketing for AFAIK.io, an AI-native learning platform built for polymaths. AFAIK maintains a resting weekly growth rate of 5.5% and achieves a 40% landing page conversion rate.

- Velocity Incubator [🔗](#)
- NEXT Canada [🔗](#)

2021 - 2022 **Co-founder | WarmMachine** [🔗](#) #AI #EdTech #B2C

I designed and built WarmMachine, an AI-powered tool that aggregated 10,000+ online courses, serving 20,000+ users worldwide and generating over 30,000 personalized curriculums. The platform reached #3 Product of the Day on Product Hunt.

- Product Hunt #3 Product of the Day [🔗](#)

2017 - 2018 **Founding designer | AssemblyAI** [🔗](#) #AI #B2B SaaS

As the first design hire, I shaped the brand and UX from scratch. I designed and developed the first website, customer-facing dashboard and developer documentation with 100% client onboarding success.

- First hire
- YC S17 [🔗](#)

2016 - 2022 **Freelance Designer | Toptal**

Designed UX/UI solutions for web, mobile, and TV, delivering products for startups, public companies, and government agencies.

2015 - 2022 **Freelance designer | Bugsparkle Design**

Bugsparkle Design is my own independent design studio, where I worked with 60+ clients across industries including AI, B2B SaaS, education, media and health.

Research

2023 ACL2023 Findings

“Low-Resource” Text Classification: A Parameter-Free Classification Method with Compressors [🔗](#)

Story-telling, writing and rebuttal.

2022 NeurIPS2022 Spotlight

Few-Shot Non-Parametric Learning with Deep Latent Variable Model [🔗](#)

Story-telling, writing and rebuttal. Doubled the score from 3 to 6 during rebuttal.

Education

2013 - 2015 Master of Science | Computer Arts New York
New York University

2008 - 2012 Bachelor of Arts | Digital Marketing Shanghai
Shanghai Normal University

Awards

2024 **NEXT AI 2024 cohort, Finalist**

2022 **Velocity 5k Competition, Winner**
